Trusted care since 1930.

25 365

Patients

35+

Years of Clinical Experience

10+

Years of Cooperation with European Health Insurers

## Tradition, experience & trust

Dental Polyclinic Breyer represents nearly a century of medical excellence. Founded in 1930, our clinic has grown through **three generations of the Breyer family**, combining tradition, modern medicine, and continuous professional development.

For more than **10 years**, we have been successfully cooperating with leading **German and Austrian health insurance providers**, delivering reliable cross-border dental care to international patients.

What defines our work is an individual approach to every patient, advanced diagnostics, precise in-house dental laboratory production and a highly experienced medical team.

This commitment to quality has earned the trust of over **25,000** patients from across Europe.

# Our QUALITY commitment & WARRANTY

## Our Commitment to Quality and Safety

- Digitally planned treatments for predictable, **long-term results**
- Strictly **standardised clinical protocols**
- **Personalised treatment** documentation for every patient
- **99.1%** long-term treatment **success rate**
- Over **20 years of experience** in full-arch implant dentistry
- Continuous **professional training** of our medical teams
- **Warranty** covering both implant and prosthetic solutions
- Long-term **cooperation** with **health insurance providers** in **Germany** and **Austria**.

At Dental Polyclinic Breyer, quality is not a claim – it is a responsibility.

*“For years, I have been wearing dentures that move, cause discomfort and affect my confidence.”*

*“I still have some teeth, but they are loose, and I avoid smiling.”*

If these situations sound familiar, a fixed full-arch implant solution may be the right choice for you.

#### AM I A CANDIDATE FOR ALL-ON?

All-on-4 and All-on-6 treatments are designed for patients who have lost most or all of their teeth and wish to restore comfort, function, and a natural-looking smile with a **fixed solution that only a dentist can remove.**

**A new life without removable dentures begins here.**

# Why choose **DENTAL POLYCLINIC BREYER?**

## Why patients from across Europe trust Dental Polyclinic Breyer

Full-arch implant treatments are one of our core specialties.

### Our success is based on:

- Strictly **controlled clinical protocols**
- Detailed treatment **planning** and **diagnostics**
- **In-house dental laboratory** ensuring precision and consistency
- **Continuous** professional **education** of our medical teams
- Multiple **quality-control stages** during implant and prosthetic production
- **Natural smile aesthetics** that enhance facial harmony without altering natural features
- More than **25,000** satisfied patients

Our focus is not only on restoring teeth – but on **restoring confidence and quality of life.**

# Treatment **TIMELINE**

## Can full-arch implant treatment be completed in 1 day?

To ensure long-term stability, safety and comfort, treatment is carried out in carefully planned stages.

### FIRST VISIT

- Duration: 3–5 days
- Surgical procedure and placement of temporary fixed teeth

### SECOND VISIT

- After approximately 3 months
- Final prosthetic phase
- Duration: 5–10 days

**This approach ensures optimal healing, long-term success and maximum comfort.**

*„I want flawless aesthetics, maximum safety and long-term confidence.“*

At Dental Polyclinic Breyer, both options are carefully selected according to medical indications and patient expectations.

## ALL-ON-4 VS ALL-ON-6

	All-on-4 ORIGINAL	All-on-6
		
<b>Number of implants</b>	4 implants	6 implants
<b>Bone requirement</b>	Suitable for reduced bone volume	Requires sufficient bone volume
<b>Fixed solution</b>	Yes – non-removable	Yes – non-removable
<b>Stability &amp; strength</b>	High stability for everyday function	Maximum stability and load distribution
<b>Type of crowns</b>	Composite or zirconia (case-dependent)	Primarily zirconia crowns
<b>Aesthetic outcome</b>	Excellent, natural-looking smile	Superior aesthetics and long-term durability
<b>Recommended for</b>	Patients seeking a reliable, less invasive solution	Patients aiming for maximum strength and longevity

# Treatment PACKAGES

## All-on-6 – Diamond Package \*\*\*\*\*

Six implants provide **exceptional stability and support** for the final prosthetic bridge.

Zirconia crowns closely replicate the appearance of natural teeth, restoring **facial harmony** and a **youthful look**.

## All-on-4 – Silver Package \*\*

An excellent solution in cases of reduced bone volume. Four implants provide reliable support while achieving **natural aesthetics and restored function**.

Each smile is individually designed – taking into account facial features, skin tone, lip support and personal preferences.

## All-on-4 or All-on-6 Packages, Tailored for You

Choosing your treatment has never been easier.

Our packages offer **transparent, all-inclusive pricing** with no hidden costs.

# International **PATIENT PROCEDURE**

## I am coming from abroad – how does it work?

1. Send existing dental documentation (CBCT)
2. Receive diagnosis, treatment plan and quotation by email
3. Schedule your appointment with our international patient team
4. Arrival in Croatia and start of treatment

From first contact to your return home, our team **supports you at every step.**

**At Dental Polyclinic Breyer, patient comfort and satisfaction are our highest priorities. We strive to create a calm, professional and supportive environment for every patient. Our patients' opinions are extremely important to us, and here are some of their testimonials.**

"I learned about Polyclinic Breyer through recommendations from people with wide smiles. Despite that, my fear of pain held me back from making contact, but once I finally did, every single person won me over. We embarked on a major procedure. The fear disappeared, and pain became an unknown concept. I would happily run to every scheduled appointment into the hands of my favorite doctor, Ljiljana, who calmly and gently began and completed my treatment.

Every member of this polyclinic's team performed their role admirably. Expertise, professionalism, warmth, hygiene, atmosphere, and patient care are all at a world-class level."

**Snježana, Croatia**

"As a patient, I am more than happy and grateful to the entire Dental Clinic Breyer team.

The doctors are excellent, so gentle, dear, patient and they do their job professionally. I received complete information about the course of treatment and ambiguities, and the very atmosphere was for 10!

I can say that I was in safe hands! I feel reborn, happy and content. Thank you from the bottom of my heart!"

**Ružica, Switzerland**

„I felt just like at home at the Dental Clinic Breyer. The atmosphere was extremely comfortable, and Dr. Jelena Paliska was superb. People's reactions to my new teeth were: 'WOW!'

You are definitely the strongest dental clinic in Europe, without any competition. I am glad that beside a beautiful smile, I have made lovely friends. Just stay the way you are!"
